**D. The reason and justification for seeking variation:**

Post Covid-19 situation, the Company has expanded more in Hyderabad as compared to Bangalore, as a result of this change there has been a significant reduction in the capital expenditure (capex) requirements in the Bangalore and Kolkata regions. This change in operational emphasis has naturally led to a decreased demand for the financial resources that were previously allocated for capex in these areas. Meanwhile, the financial resources necessary for capex in Hyderabad were primarily sourced from preferential allotment funds. This well-considered allocation of funds has played a crucial role in supporting the Company's expansion efforts in the Hyderabad region. Considering decreased need for capex funds in Bangalore and Kolkata due to the operational realignment, the Company's board of directors is proposing to redirect these funds towards enhancing the company's working capital, reflecting the Company's adaptive approach to financial resource management. This strategic adjustment underscores the Company's commitment to effective financial utilization as it navigates its evolving operational landscape.

**E. The proposed time limit within which the proposed varied objects would be achieved;**

The Company will utilise the unutilized amount/balance proceeds of ₹ 7332 thousand towards the object of "Funding working capital requirements of the Company" as per the working capital requirement of the Company by December, 2024.

**F. The clause-wise details as specified in sub-rule (3) of rule 3 as was required with respect to the originally proposed objects of the issue:**

Accordingly, the Company had confirmed that there is no requirement to make firm arrangements of finance under Regulation 4(2) (g) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Issue and existing identifiable internal accruals
(d)	The summary of the project appraisal report, if any	No appraisal report was sought in this connection.
(e)	The schedule of implementation of the project	Please refer point No.6(A) above

Further, in accordance with Section 27 of the Companies Act 2013, the Company confirms that pending utilisation of the Net Proceeds , it shall not use the funds for any buying, trading or otherwise dealing in any equity or equity linked securities of any listed company or for any investment in the equity market

**G. The risk factors pertaining to the new objects and estimated financial impact of the proposed alteration on the earnings and cash flow of the company:**

The management proposes to use the unutilised proceeds for funding the working capital requirements which will ease the additional burden on finance plans and internal accruals of the Company. This strategic adjustment underscores the Company's commitment to effective financial utilization as it navigates its evolving operational landscape. Further, considering unforeseen economic, market, business or any other conditions beyond the control of the management, there is no assurance that deployment of funds toward working capital will be profitable and will help in business growth and expansion of the Company. The proposed variation will ease the additional burden on finance plans and internal accruals of the Company.
