Dear Sir/Madam,

Sub: Intimation under Regulation 30 and Regulation 47 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”)

In accordance with Regulation 30 and Regulation 47 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), we are enclosing the copies of the newspaper advertisement titled ‘Tenth Annual General Meeting of Xelpmoc Design and Tech Limited’, published in The Economics Times (English Newspaper) and Kannada Prabha (Kannada Newspaper) on August 30, 2025.

The same has also been uploaded on the Company’s website which may be viewed at <https://www.xelpmoc.in/regulationsub>.

Kindly take the same on record.

Thanking you,

Yours faithfully,

For Xelpmoc Design and Tech Limited

Vaishali Shetty
Company Secretary and Compliance Officer

GST COMPENSATION

Siddu Hails Consensus Reached by 8 Oppn States

Our Bureau

Bengaluru: Chief minister Siddaramaiah on Friday hailed the consensus on the GST compensation reached by eight Opposition-ruled states at a meeting in Delhi, echoing similar sentiments expressed by his southern counterparts MK Stalin of Tamil Nadu and Pinarayi Vijayan of Kerala.

The states will place the consensus in the form of a draft in the GST Council meeting next week.

"This draft seeks to ensure reforms that are both fair and sustainable," Siddaramaiah said in a post on X. Both Siddaramaiah and Stalin have sought a guaranteed compensation mechanism to cover the revenue shortfall after the GST rate changes come into force.

Both Siddaramaiah and Stalin welcomed the reforms that aim to reduce the burden on the people. But a robust framework that protects the fiscal interests of the states must accompany such reforms, Siddaramaiah said.

"Without this, states will find it difficult to sustain welfare and development programmes, and a serious weakening of their financial autonomy. He suggested that the Centre impose a supplementary levy on sin and luxury goods.

Karnataka, the CM said, has already been subjected to discrimination in the devolution of funds from the Union government, suffering an annual shortfall of nearly ₹25,000 crore.

"Any further erosion of GST revenues will only compound this injustice and directly affect our capacity to deliver on the promises of development and welfare."

Kerala CMP Pinarayi Vijayan has also urged the Centre to support the states starting at a drop in tax revenues on account of changes to GST rates.

Opposition States Cite ₹2L-Crore GST Loss, Demand Compensation

8 opposition states' FMs discuss GST hit; views to be placed before council Sep 2

Our Bureau

New Delhi: Eight opposition-ruled states Friday said the proposed Goods and Services Tax (GST) reforms would cause revenue loss of up to ₹2 lakh crore and that they must be compensated accordingly for five years.

The states suggested imposing a levy on sin goods in addition to the proposed 40% GST rate to maintain the current tax incidence, which should be distributed among states.

Finance ministers from Tamil Nadu, West Bengal, Karnataka, Kerala, Punjab, Jharkhand and Himachal Pradesh met ahead of the GST Council meeting scheduled on September 3-4.

The opposition-ruled states will meet again on September 2 to finalise their demands and suggestions, before presenting to the GST Council.

Karnataka finance minister Krishna Byre Gowda said each state is expected to lose 15%-20% GST revenue.

"The 20% GST revenue loss will seriously destabilise the fiscal structure of state governments across the country," Gowda said, dismissing the notion that tax revenue buoyancy will increase after the rate cut.

He added that states should be compensated for five years or till the revenues stabilise.

Tamil Nadu finance minister Thangam Thennarasalan reiterated the demand, which was followed by a post by state chief minister MK Stalin on social media platform X.

form X. "While welcoming the intent of reform, we stressed that any reduction must not erode State revenues that sustain welfare programmes and infrastructure.

"We urge that the benefits of lower rates must directly reach common people," Stalin said.

"A consensus draft has been framed and will be placed before the GST Council, seeking support from all States and the Union government to safeguard revenue interests and ensure fair outcomes," he said, adding that "without protecting State revenues, #GST reforms cannot serve the people".

The opposition-ruled states are in favour of GST rationalisation though they sought a mechanism to guard against profiteering by businesses and to ensure the benefits of rate rationalisation reach the common man.

ET had reported it on August 27.

GST 2.0

EXPERTS SEE FY26 TARGET STILL ACHIEVABLE

Centre's Fiscal Deficit Until July Widens to 29.9% of FY26 Target

Front-loaded cap spending, weak net tax collections widen fiscal deficit

Our Bureau

New Delhi: The Central government's fiscal deficit till July in this financial year widened to 29.9% of the annual target against 17.2% a year before, thanks to a front-loading of expenditure amid a contraction in the net tax mop-up, showed the official data released on Friday.

Expenditure, especially on capital projects, had faltered in the initial months of the previous fiscal owing to the usual administrative

slowdown around the general election.

Between April and July this year, revenue spending increased 17.1% to ₹12.17 lakh crore. Capital expenditure surged 32.8% to ₹3.47 lakh crore, as the government kept betting on its high multiplier effect to spur economic growth.

In absolute terms, the fiscal gap stood at ₹4.69 lakh crore until July, against ₹2.77 lakh crore a year before, the data showed. Despite the elevated spending so far, the Centre's target of containing its deficit at 4.4% of gross domestic product in 2025-26 would be realised as the pace of spending could moderate in the coming months to remain within the budgetary target, experts said.

Net tax revenue moderated 7.5% from a year before to ₹6.62 lakh crore till July, although non-tax revenue jumped 33.7% to ₹4.04 lakh crore in the wake of a record ₹2.69 lakh crore dividend transfer by the central bank.

Overall receipts were up 7% in the first four months of the fiscal.

Ex-RBI Guv Urjit Patel Named India's ED at IMF

Our Bureau

New Delhi: The government on Friday named former Reserve Bank governor Urjit Patel to the executive board of the International Monetary Fund (IMF) as India's representative, four months after Krishnamurthy V Subramanian was unexpectedly removed as its nominee executive director. The appointment, approved by the Appointments Committee of the Cabinet, is for three years from the date of the assumption of the charge or until further orders, whichever is earlier, the Department of Personnel and Training said in a notification.

The government terminated the services of Subramanian as the ED (India) at the IMF in late April. Subsequently, Parameswaran Iyer, India's executive director at the World Bank, was temporarily entrusted with the responsibility of being its nominee director on the IMF board.

GST Reforms, Festive Season may Drive up Demand: CEA

Our Bureau

New Delhi: The onset of the festive season and the proposed goods and services tax (GST) reforms could boost domestic demand in the coming quarters, chief economic advisor V Anantha Nageswaran said on Friday. However, short-term risks to economic activity—especially exports and capital formation—persist due to uncertainties caused by the extra 50% US tariff that came into effect on August 27, he said.

Nevertheless, there would be adequate domestic consumption even during such times to encourage private players to keep investing, Nageswaran reckoned. The CEA was briefing reporters after the GDP data showed a higher-than-expected 7.8% expansion rate in the June quarter.

Growth will remain within the targeted band of 6.3-6.8% this fiscal as projected in the Economic Survey in January, he said, ruling out a revision just yet despite the US tariff woes. It's too difficult to gauge the precise impact of the US tariff on the Indian economy yet, he said. But the government is viewing the tariff as an opportunity to move forward with domestic reforms, deregulation and the diversification of the export markets, he added.

The latest data showed that India did not just stay as the world's fastest-growing major economy but also widened the gap with others, he said. China had the next best growth rate of 5.2% in the June quarter, followed by Indonesia (5.1%), US (2.1%), Japan and the UK (1.2% each), and France (0.7%).
