Dear Sir/Madam,

Sub: Intimation under Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, for the quarter ended June 30, 2023

Pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, please find enclosed herewith the statement of deviation/variation for the quarter ended June 30, 2023, duly reviewed by the Audit Committee, in the prescribed format attached as "Annexure A" & "Annexure B".

Further to inform that pursuant to the provisions of Sections 13 and 27 of the Companies Act, 2013, read with the Companies (Incorporation) Rules, 2014 and the Companies (Prospectus and Allotment of Securities) Rules, 2014 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and other applicable law if any, and subject to approval of shareholders at ensuing AGM with majority of more than 90% of the voting shareholders voted in the favor of the resolution, the Board at their meeting held on August 12, 2023 considered and approve the proposal of further variation in object of the issue of IPO by way of deploying the unutilized amount of Rs.7332 thousand of existing object "Purchase of IT hardware and network equipment's for development centers in Kolkata and Bangalore" towards object of the "Funding working capital requirements of the Company". The brief summary for seeking such variation are as under:

Post Covid-19 situation, the Company has expanded more in Hyderabad as compared to Bangalore, as a result of this change there has been a significant reduction in the capital expenditure (capex) requirements in the Bangalore and Kolkata regions. This change in operational emphasis has naturally led to a decreased demand for the financial resources that were previously allocated for capex in these areas. Meanwhile, the financial resources necessary for capex in Hyderabad were primarily sourced from preferential allotment funds. This well-considered allocation of funds has played a crucial role in supporting the Company's expansion efforts in the Hyderabad region. Considering decreased need for capex funds in Bangalore and Kolkata due to the operational realignment, the Company's board of directors is proposing to redirect these funds towards enhancing the company's working capital, reflecting the Company's adaptive approach to financial resource management. This strategic adjustment underscores the Company's commitment to effective financial utilization as it navigates its evolving operational landscape.

Request you to take the same on records.

Thanking you,

Yours faithfully,

For Xelpmoc Design and Tech Limited

Vaishali Kondbhar
(Company Secretary & Compliance Officer)

Annexure 1

Explanation for the Deviation / Variation

- (i) The business strategy of the Company as disclosed in the Prospectus, amongst others included growing its business by enhancing its technological capabilities and expanding its domestic expertise. Most recently, the Company had added capabilities including artificial intelligence, deep learning and data sciences. The Company intends to continue growing its technological capabilities and the Objects above relating to starting of our development centers were designed to implement such strategy. Therefore in accordance with the Objects, the Company opened a development center in Kolkata in 2019 by leasing the premises from Sonodyne Television Company Limited. However such premises were leased by the Company on a fully-furnished basis as the costs of rent of fully furnished premises were significantly lesser compared to costs of leasing unfurnished premises and separately procuring fit-outs for such unfurnished premises. At the time of the Issue, there was no certainty that fully furnished premises would be available, accordingly estimation was made for the cost of fit-outs in the Prospectus. The Company had received a quotation of ₹19,425.00 thousand for the interior costs of an office space of 5,550 square feet, at the time of the Issue. However, the Company was able to procure a fully furnished office space of 6,800 square feet, wherein the cost of interiors Rs. 719.79 thousand. Accordingly, significant expenses estimated in the Objects for the purchase of fit outs for the development center in Kolkata have not been incurred by the Company. The Company estimates that of the Rs.40,862.50 thousand earmarked for utilization towards purchase of fit-outs for new development centres in Kolkata and Hyderabad in Fiscal 2020 and it has utilized Rs.719.79 thousand.
- (ii) In addition, the Company was unable to open the second development center in Hyderabad in Fiscal 2020 due to the business disruption caused by Covid-19, despite inspecting potential sites for such development center in January 2020. While the Company has an existing operational office in Bangalore, it has no existing ground presence in Hyderabad and in light of the business disruption caused by Covid-19, the Company considers it economically prudent to expand the existing Bangalore Office in such manner to have all functions instead of setting up a new development center in Hyderabad.
- (iii) The outbreak of Covid-19 and the subsequent lockdown has created an uncertain scenario resulting in disruption of the Company's business and has further had an impact on the cash flow of the Company. The nature of such impact is expected to be long-term and requires the Company to preserve its cash. The Company has thus deliberated upon its growth strategies and would like to refrain from incurring large expenditures and would instead attempt to expand its existing center in Bangalore, which is already fully furnished, resulting in preservation of cash.
- (iv) Further of approximately Rs.54,875.19 thousand allocated for utilization towards purchase of IT hardware and network equipment in the Objects, Rs.1,261.79 thousand have been utilized by the Company, setting a furnished office space in Kolkata. However, as the adverse impact of Covid-19 as described above requires the preservation of cash, the Company intends to reduce such expenditures by leasing the necessary equipment and utilizing cloud solutions instead of purchasing such equipment.
- (v) Further as disclosed on page 92 of the Prospectus, the working capital requirement of the Company for Fiscals 2019, 2020 and 2021 cumulatively was calculated to be Rs,160,700.78 thousand of this Rs.60,000.00 thousand was proposed to be funded through the Net Proceeds of the Issue and Rs.100,700.78 thousand was to be funded through internal accruals / general corporate funds, as disclosed in the Prospectus. However, owing to the business disruption caused by Covid-19 and the consequent reduction and uncertainty in cash flow, the Company proposes to reduce the allocation of its internal accruals towards its working capital requirements of Rs. 100,700.78 to Rs.15,558.07 thousand and such shortfall will be fulfilled through the unutilized portion of the Net Proceeds. The preserved internal accruals over and above utilization towards working capital requirements would enable the Company to meet any cash flow challenges arising out of the business disruption due to Covid-19 and will ensure business continuity and ability to incur costs relating to human capital.

Considering the above reasons and/or justifications, the Board of Directors of the Company, on recommendation of the Audit Committee, have decided to vary the Objects by way of deploying an additional amount of Rs.85,142.71 thousand towards working capital requirement and using an amount of Rs.8,613.40 thousand towards the expansion of the existing Kolkata and Bangalore office instead of the Kolkata and Hyderabad office.
