Job position: Android Developer.

Location: Bangalore

About the company:

Xelpmoc Design and Tech is a data-driven technology and design company based at Bengaluru, Kolkata, Mumbai & Gurugram.

We work with businesses and organisations of all shapes and sizes, from early-stage start-ups to the world's leading brands, providing technology and data science solutions that solve the problems of today as well as defining the opportunities of the future. We partner with entrepreneurs around the world, building products and co-founding these ventures. Additionally, we also work with large conglomerates, building analytics and leveraging Machine Learning to provide data insights. We are a fast-growing, publicly listed company.

Culture:

Startup culture with enthusiasm, and a dynamic team with innovative entrepreneurs to work with.
